

Technical Information

HIGH PERFORMANCE Marine Super Gloss Polish

Product information

AUTOSOL® HP Marine Super Gloss Polish is for the highest smooth gloss finish. Designed to easily remove swirl marks and holograms left by machine compounding or environmental influences. AUTOSOL® HP Marine Super Gloss Polish gives a deep colour appearance and the highest gloss finish with an exceptional mirror shine. Suitable for all Gelcoats and paints, works best on both fresh or cured surfaces. Ideally used after AUTOSOL® HP Marine Compound to remove compound marks and insure the highest gloss. Use for removal of sanding scratches to P3000. No filler.

- Leaves the highest level of gloss
- Dust-free
- Fast-working
- Silicone-free

Following the polishing stage we recommend the use of AUTOSOL® Marine Protection Coating to protect and lock in the shine.

Application

Using a new fine wool pad or medium density foam pad. Apply a small amount of polish to the surface. Working in half square meter sections at a time. Start rotary polisher at a speed of 1500-2000 rpm. Use a light to medium pressure and polish until you obtain the required high gloss finish. Apply new polish as required. Remove polish residue with a soft microfiber cloth.
