

Technical Information

MARINE INFLATABLE BOAT & FENDER CLEANER

Product information

Extremely strong cleaner for removal of all kinds of contamination and adhesion from inflatable boats and fenders. Slight dissolving of the surface leaves the dirt no chance to adhere. Optimal processing time due to slow-drying formulation.

Application

Shake well before use. Work in sections. Apply undiluted to the target area using a cotton cloth, or a colourfast microfibre cloth. Allow product to take effect briefly, then wipe off the dissolved dirt with a cloth. After wiping the surface will be slightly sticky. Finally, rinse with water, or wipe with a damp cloth. After drying, the surface will be smooth and clean.

Note

Test material compatibility beforehand on an inconspicuous area.

Technical Data

Form: liquid
Colour: colourless
Odour: characteristic

Health and Safety

Safety Data Sheet is available separately.

Additional Information

Art.-No.: 11 015610

bottle 500 ml

PU: 6
