

Technical Information

AUTOSOL® Nano Protection Hard Wax

Product information

- Long-term preservation with enduring protection.
- Weather-resistant sealing wax for the lacquer on new and old paints.
- Contains high-tech nanoparticles, strong hydrophobic polymers infused in modern synthetic high performance waxes for long lasting weather durability.
- Gives a deep gloss appearance and a high gloss finish retaining an exceptional mirror shine.
- Suitable for all paints, including hard and scratch resistant clear coats, fresh or cured automotive paint surfaces.
- Suitable for automobiles, motorbikes, caravans, bicycles, boats, all paint and chrome parts, high-gloss paints and plastic surface applications.

Protection performance of AUTOSOL® Nano Protection Hard Wax in comparison with a leading competitor product.

Technical Information

AUTOSOL® Nano Protection Hard Wax

Application

1. Wash the surface with AUTOSOL® Car Shampoo and dry.
2. Shake AUTOSOL® Nano Protection Hard Wax well before use.
3. Apply a small amount of the product to the surface in circular motion using a clean lint free microfiber cloth. Work in different directions to ensure good coverage. Insure that you apply a thin layer to avoid over application.
4. Work a section at a time until the surface starts to dry.
5. Let the surface completely dry and polish residue off with a soft cloth.

Note

Do not apply to a hot surface.

Technical Data

Form:	Liquid
Colour:	White
Density:	0.8 g/cm ³
Odour:	Characteristic
Storage:	10-30°C

Health and Safety

Safety Data Sheet is available separately.

Additional Information

Art.-No.: 01 003800

Bottle 250 ml

PU: 6
