

Technical Information

AUTOSOL® Plastic Stain Remover

Product information

- Unique formulation designed to remove stubborn stains from all kinds of plastic
- Combination of selected surfactants and powerful solvents
- Suitable on almost every plastic like PE, PE-HD/LD, PET, PVC and many more
- It removes heavy stains like shoe marks, nicotine, traffic film, air pollution residues, dried food etc.
- Sparingly and easy to apply
- Optimised material compatibility

Application

- Remove loose dirt from the surface
- Wet the surface with a damp sponge or cloth
- Put a small amount of product onto a damp microfiber cloth
- Apply the product to the stain and let it take effect for an appropriate time
- Then rub carefully beginning from the outside to the centre
- Remove excessive product thoroughly with a wet sponge or cloth
- If necessary clean the neighbouring surface with AUTOSOL® Plastic Cleaner -liquid-

Note

Do not use on hot surfaces. Do not let product dry onto the surface.
