

Technical Information

AUTOSOL® Polymer Shine Protection

Product information

AUTOSOL® POLYMER SHINE PROTECTION quickly and easily seals all kinds of paint surfaces, and brings out a brilliant, deep gloss with outstanding water repellency. The product provides a long-lasting protection against weathering and environmental influences through a “state of the art” formulation of paint protection components.

Application

Before application, clean and dry the surface. Spray on the product, section by section, then using a clean dry microfiber cloth to polish off.

Note

Shake the bottle well before use. Do not apply on hot surfaces or in direct sunlight. Recommended working temperature is 10 – 25° C. Protect from frost.
