

Technical Information

AUTOSOL® Rust EX

Product information

The combination of active chemical ingredients and manual polishing abrasives lead to an unique formulation designed to remove heavy corrosion and staining from most metals, restoring the shine and extending the life of your metal surface. Corrosion inhibitors prevent attack on non-corroded parts. Economical and easy to use. Ideal for treating large areas of iron, bronze, copper, steel etc.

Application

Shake well. Rub into corroded area with clean cloth or sponge. Depending on the grade of corrosion allow product to act for an appropriate time (1 – 5 minutes). If necessary use hard sponge or brush to assist the cleaning process. Do not allow product to dry. Once surface is stain-free, wash off with water and dry.

Note

Test material compatibility on an inconspicuous area. Do not apply on hot surfaces.

Tipp

To achieve maximum shine and protection, we recommend the use of AUTOSOL® Metal Polish (Liquid).

Technical Data

Form: liquid
Colour: white
Odour: characteristic

Health and Safety

Safety Data Sheet is available separately.

Additional Information

Art.-No.: 11E34250

bottle 250 ml

packaging unit: 12
