

Technical Information

AUTOSOL® Stainless Steel Polish

Nonfood Compound
Program listed A7
(Registration #140760)

Product information

Especially formulated for cleaning and polishing stainless steel. Designed to shine polished stainless steel to an extremely high lustre without scratching.

Application areas

Great for polishing stainless steels and most of other metals.

Application

Apply a thin layer of AUTOSOL® Stainless Steel Polish and buff up with a soft cloth in a circular motion until a black residue forms. Then polish with a clean cloth to produce a brilliant shine. We recommend AUTOSOL® Stainless Steel Power Cleaner for removing polish residue. Treat with AUTOSOL® Stainless Steel Care Oil for a longer lasting shine.

Technical Data

Form: paste
Colour: white
Odour: characteristic

Health and Safety

Safety Data Sheet is available separately.
